

TRUSTED COMPATIBILITY | WARRANTED PROTECTION

Carlisle Construction Materials' (CCM) roofing, waterproofing, and insulation companies have joined forces to create NVELOP Building Envelope Solutions: a comprehensive building envelope system backed by the industry's only tie-in warranty. NVELOP is unique in its ability to ensure product compatibility at critical tie-in junctions, creating a completely warranted, six-sided building envelope system. NVELOP's single-source warranty options provide confidence and reduce liability for architects, contractors, and building owners.

The NVELOP Advantage

- Worldwide presence with products available in more than 80 countries
- Proven track record with more than 50 years of manufacturing experience
- Industry's most comprehensive weather barrier (membranes and insulation), offering:
 - » Under slab
 - » Foundation
 - » Above-grade walls
 - » Roof
- Proven product compatibility at tie-in junctions
- Industry's most comprehensive single-source warranty
 - » Tie-in compatibility guarantee
 - » One point of contact in the event of a leak
- Comprehensive details
- Reduces liability for architects, contractors, and building owners
- Six-sided air seal promotes energy savings
- Comprehensive specifications including CSI MasterFormat verbiage
- No to Low cost for warranty coverage

NVELOP Warranty Prerequisites

- Multiple CCM systems must be used
 - » Carlisle SynTec Systems
 - » Carlisle Coatings & Waterproofing
 - » Hunter Panels XCI
 - » InsulFoam
 - » Versico Roofing Systems
 - » Carlisle WIP
- At least two CCM systems must be joined with an approved tie-in
- All conditions must be met for individual CCM system warranties
- Individual CCM system must be paid for and received

Warranty Application

- Simple one-page online application
- Warranty application submittals are sent directly to CCM Warranty Department for efficiency
- NVELOPlus fee is paid over the phone using a credit card

NVELOP Warranty Options*

1. NVELOP

Material Warranty

- 5-year warranty
- Covers manufacturing defects
- Covers product compatibility
- No fee

2. NVELOPlus

Material Warranty

- 10-15 year warranty*
- Covers manufacturing defects
- Covers product compatibility
- \$500 fee

**NVELOPlus material warranties provide tie-in warranty coverage of 10-15 years. Maximum warranty duration is dependent on the shorter of the two material warranties being tied together. Example: A 10-year warranted wall tying together to a 20-year warranted roof, would allow for a 10-year NVELOPlus material warranty.*
